To The Folks At Advanced O &P Solutions,

On behalf of USA Hockey and the 2010 USA Hockey Paralympic Sled Team I would like to personally thank your company for all of their assistance with our sleds for the recent Paralympics.

Without your company's professionalism and dedication I do not believe we would have brought home the Gold Medal. Your company's efforts on working with Scheck & Siress were definitely a big part of making this happen and you should be very proud.

The bucket design was unique and your company's assistance and leadership in making sure each of the three sleds was fit perfectly to each player went a long way in helping with the performance of our team. Please always consider your company a member of the USA Paralympic Sled Hockey Team!

Enclosed is a small token of our appreciation. I hope you will display this in a prominent location within your facility as all of you at Advanced O &P Solutions deserve to share in the glory of the Gold.

Once again, I can not thank Advanced O &P Solutions enough for everything you have done to help bring the hardware home where it belongs!

Sincerely,

JJ O'Connor
